The 14th NATIONAL CONGRESS OF COLOPROCTOLOGY

ORGANIZED BY THE ROMANIAN SOCIETY OF COLOPROCTOLOGY

15-17 aprilie 2026

17 aprilie, Cursuri post-congres

Hotel Crowne Plaza, Mamaia

Tehnici de anastomoză după rezecțiile colorectale

Curs practic

Dată: 17.04.2026, 09.00-14.00

Locație: University of Medicine, „Ovidius" Constanta, Faculty of Medicine, Campus Corp B, Centrul de simulare etaj 3

Coordonatori curs: **Răzvan Popescu**

Lectori: **Ionuț Iordache, Cristina Dan, Andrei Ghioldis, Cornelia Olteanu, Andrea Kacani, Teodor Nițu**

Firme partenere: Karl **Storz, Medtronic**

Obiectivele cursului:

1. To review the fundamental principles of safe colorectal anastomosis following colorectal resections.
2. To present the technical aspects of colorectal anastomosis in both open and laparoscopic surgery.
3. To familiarize participants with the various types of colorectal anastomoses (end-to-end, side-to-side, end-to-side) and their indications.
4. To demonstrate the use of stapling devices and suturing techniques in colorectal reconstruction.
5. To provide hands-on practical training in performing colorectal anastomoses using open and laparoscopic approaches.
6. To discuss the technical factors influencing anastomotic healing and the prevention of anastomotic leak.

Program

08:30 - 09:00	Registration of participants
09:00 - 09:15	Welcome and introduction- Course objectives and safety rules in the lab
09:15 - 09:30	Principles of the sutures and anastomoses in colorectal surgery
09:30 - 09:45	Types of anastomoses in colorectal surgery
09:45 - 10:00	Technical aspects in open and laparoscopic techniques
10:00 - 11:30	Hands-on - open approach
11:30 - 12:00	Coffee break
12:00 - 12:15	Tips and trick, pitfalls and complications of the anastomoses
12:15 - 13:45	Hands-on- laparoscopic approach
13:45 - 14:00	Course conclusions, feed-back

Taxă de participare

400 Ron (Preț fără TVA)

Nu rata înscrierea. Locuri limitate!
